

Floormat economy

The favorable floormat for heavy-duty applications.

Also for temporary usage.

FLOORMAT economy

Protects, saves, insulates.

As versatile as your applications.

The floormat economy can be placed on top of solid ground (such as concrete) without any spadework. Thanks to the slot and key system every single mat can be placed quick, easy and safe. If needed you can easily adapt the mats to obstacles by simply using a normal jigsaw or similar tools. The easy laying and the simple workmanship allow a huge range of applications. The floor mats can be picked up again at any time without any troubles! This predestines the mats as a temporary soil protection during events, as insulating bottom layer in marquees or just as a tough shop flooring. Impact noise will be reduced significantly. Using the optional available ramp edges the nonslip floor mat area automatically gains more safety and is nearly considerable as an fully accessible area. The floor mats are also available with an integrated drainage system that provides even more protection from weather effects.

» Close-Up

The floormat economy reduces loads, isolates effectively against rising cold and allows rainwater to run off beneath the floor mat area. On request an optional drainage system is available.

The approved slot and key interconnection system allows a simple and quick laying and provides safety.

Your advantages

- ✓ 200 t/m² loadability according to DIN EN ISO 179, impact bending test/ strength testing
- ✓ heavy duty, easy to clean, durable
- ✓ quick and easy to deploy
- ✓ approved slot and key interconnection
- ✓ oil, grease and ammonia resistant, diluted chemicals in accordance to DIN 51958
- ✓ fire class B1 (low-flammable), DIN 4102
- ✓ made from 100% recycled material
- ✓ UV- and frost-resistant

Specifications

Type:	Floormat economy
Dimensions:	1200 mm x 800 mm
Thickness:	22 mm
Loadability:	200 t/m ² (DIN EN ISO 179)
Fire class:	B1, low-flammable
Weight, each mat:	20 kg
Material:	100% recycled material
Interconnection:	Slot and key system
Laying:	loosely laid, on solid ground
Pieces per pallet:	50
m ² per pallet:	48
