

If you have any question please let us know. We are keen to help you.

## Ever thought about a permeable ground reinforcement?

With our ECORASTER® system we are offering a grid that covers huge range of applications. No matter if it is for reinforcing your driveways, for a rainwater retention basin, erosion and mud control or a simple paving substruction. ECORASTER® is a heavy duty and easy to handle system that is usable for countless numbers of application.

After more than 20 years of experience we can help you providing the best result to your project.
